Welcome to the 2020 TJC Summer Camp Catalog!

The weather is warm, school's out, and it’s time to head to camp!

We are pleased to offer a wide variety of summer camps for all ages and interests. Whether you’re mapping out your child’s summer months in advance or looking for a last-minute camp to fill up a week, thumb through the guide with your camper, pick the camps that fit his or her interests and your family’s schedule and plan the entire summer on our calendar (page 9).

We have added new camps this year, including Adventures in Augmented Reality (page 13) to spark campers' interests for future STEM careers. Another new camp is our Aquatic Jr. Camp, for kids ages 5-7 who want to enjoy some water fun (page 17). We are really excited for our Water Polo camp (page 64). This camp will be exciting for the campers as they get wet, compete against others and learn new skills.

As always, we are designing an incredible summer camp shirt that your camper will love to wear. We also will have a group photo picture your camper will receive at the end of the week. Plus, your camper will receive many free items throughout the week. In the past, those free items have included backpacks, bracelets, pop-sockets and the like.

We know you have many options to choose from this summer, but we hope TJC Summer Activity Camps helps make your planning easier. Have a safe, fun and memorable summer!
